

# **PIPEWORK ISOMETRIC DRAWING ASSIGNMENT**

You are required to produce an isometric flow sheet drawing of the TTE Process Rig floating head heat exchanger E901. Using the attached isometric paper draw the system to scale with dimensions up to the second blue stanchion, including all the equipment valves and fittings

The information you need to put in to your assignment must include all of the following areas:-

- Title & date.
- Your name & group number.
- A4 isometric layout.
- All items that are not pipework are to be labeled.

Finally, if you are in any doubts about any of the requirements of this exercise please ask.
